

PLEASE READ!

Due to these challenges

- Supply chain issues
- Bird flu impacts
- Rising inflation
- Decreasing donations

You'll see these changes

- Less food available & less choices (eggs, milk, produce, meat, canned/dry goods)
- Accounts w/ the same address are getting combined
- **Shifting to Reservation Only**
- Possibly close earlier
- Less Holiday Food offerings

[More details on the back]

Food Supply Challenges & How You Can Help

It's never easy to make decisions that reduce the amount of food we provide. Like many of you, we are facing challenges beyond our control—supply chain issues, bird flu impacts, rising inflation, decreasing donations, and uncertainty about the future. As a result, you may notice there is less food available than usual, and less choices.

Current Shortages:

- No eggs (except occasional grocery store donations)
- Limited milk supply (new max amount of half gal/fam)
- Fewer staple canned goods and dry goods
- Reduced meat options (1 choice instead of 2)
- Less fresh produce

Our Commitment: We continue to provide nutritious food and meaningful choices by increasing food rescue efforts and recovering more donated food, and improving fundraising.

How You Can Help:

-  **Donate:** Food, funds, or surplus garden produce
-  **Volunteer:** Your time makes a difference
-  **Be Mindful:** Visit only when needed to help us serve those most at risk.

Ongoing Efforts & Upcoming Changes:

- Encouraging greater use of the reservation system and making it easier to use
- Accounts with the same address are getting combined
- **Shifting to reservations-only service**
- Might have to close earlier
- Adjustments to holiday food distributions (Offering Community Easter Meals, possibility of no Thanksgiving food distributions)

 Stay tuned for updates as we navigate these challenges together. **Thank you for your kindness and support!**
